SECOND DAY.—*Monday, 2nd October 1933.*

The House re-assembled at 12 NOON.

MR. Y. K. CHANNAVEERAPPA reminded the Government of the promise made by them the previous day in the matter of increasing the number of revenue instalments and enquired whether they had come to a decision on the question.

THE DEWAN observed that the question was beset with practical difficulties and required very serious consideration on the part of the Government, especially because some of the members of the House were themselves not in favour of it.

MR. Y. K. CHANNAVEERAPPA said that the Government would not stand to lose anything by accepting the suggestion and giving the much-needed relief to the raiyats. The proposal had the support of almost all the members of the House.

THE DEWAN observed that the question would be considered.

At this stage, MR. K. T. BHASHYAM IYANGAR wanted to know whether orders had been passed allowing the adjournment motion, notice of which had been given by certain members of the House that morning.

THE DEWAN replied that he had disallowed the motion as it was obviously not in public interest to discuss it.

MR. K. T. BHASHYAM IYANGAR observed that it was the duty of the Government to safeguard the interests and security of the person of the subjects of His Highness the Maharaja and ensure their treatment according to their dignity and status in life. If the Government themselves did not do it, he asked who else could. The members were anxious to know from the Government what exactly was the position of the subjects of His Highness the Maharaja in respect of this matter.

THE DEWAN replied that it was not a matter which could be usefully discussed in the House. It was a very complicated issue and it was not desirable to discuss it.
